# OUR STORY

## HOW WE STARTED WITCH'S ROCK SURF CAMP IN TAMARINDO AND VOLCANO BREWING COMPANY IN TILARAN.

Spanish translation here.

Early in 2001, we drove a school bus from San Diego, California, all the way through Central America. We surfed in Mexico and El Salvador, and finally arrived in Tamarindo, Costa Rica, a month later. We rented a crappy shack on the beach that we could barely afford. With lots of hard work, we transformed our little piece of paradise into the world's best surf camp ever!

Over time, we have grown from that bus on the beach, to the hotel, surf shop, and two beachfront restaurants in Tamarindo. Robert August, the legendary surf world star of The Endless Summer, and a world-class surfboard shaper, hand-shapes boards right here at Witch's Rock Surf Camp, and teaches seminars to our guests.

In 2011, we added Volcano Brewing Company to our company, a hotel and microbrewery in the Lake Arenal Region, located a few kilometers outside of Tilarán. Now we make our own beer, and have another beautiful location for our friends to visit in Costa Rica. We have a little eco-farm at Volcano Brewing Co., and we're learning more about raising, sourcing, and preparing farm fresh food for our restaurants.

We get to live our dreams, and employ more than 80 people year round, because you support us. Words can't express how grateful we are for all of our friends who help us grow, change, and do what we want in Paradise!

Pura Vida,  
Joe and Holly Walsh

A principios de 2001, conduje un autobús de la escuela de San Diego, California, todo el camino a través de América Central. Pasamos por México y El Salvador, y finalmente llegamos a Tamarindo, Costa Rica, un mes después. Alquilamos una cabaña pequeña en la playa que apenas podíamos pagar. Con una gran cantidad de duro trabajo, hemos transformado nuestro pequeño pedazo de paraíso en uno de los mejores campamentos de surf del mundo!

Con el tiempo, hemos pasado de un autobús en la playa, al hotel, tienda de surf, y dos restaurantes en la playa de Tamarindo. Robert August, la estrella mundial de surf legendario de Endless Summer, y un shaper de tablas de surf de clase mundial, hechas a mano en el campamento Witch's Rock Surf Camp, y da seminarios para nuestros clientes.

En 2011, añadió la empresa Volcán Brewing a nuestra compañía, un hotel y cervecería en la región del Lago Arenal, ubicado a pocos kilómetros de Tilarán. Ahora hacemos nuestra propia cerveza, y nuestros amigos tienen otro lugar hermoso para visitar en Costa Rica. Tenemos un poco de eco-granja en el Volcán Brewing Co., y estamos aprendiendo más acerca de la crianza, el abastecimiento, y la preparación de los alimentos frescos de granja para nuestros restaurantes.

Llegamos a vivir nuestros sueños, y emplea a más de 80 personas durante todo el año, debido a que nos apoyan. Las palabras no pueden expresar lo agradecidos que estamos con todos nuestros amigos que nos ayudan a crecer, cambiar y hacer lo que queremos en el Paraíso!
